

AI-First Systems For Growth

The longer you wait, the harder it gets to catch up!

 **by Aarti Anand**

Why Listen to Me?

Social Proof!

Added \$2M ARR to my client

Systems projected to save
their customer ~\$25M in
costs

Our Ideal Customer Profile (ICP)

Lazy (~~Work HARD~~)

TIME > MONEY

Why Most Businesses Struggle to Scale?

Business stuck at a level

Most businesses don't fail because they lack leads

They fail because they don't have the systems to convert and scale.

3 Mistakes That Prevent Growth

Micromanage
You have trouble delegating

Scale = hire

Add more people to already inefficient system

React instead of plan

Constantly putting out fires

The #1 Mindset Unlock To Scale

Delegation

"but I don't want to let go"

Delegation

"but other people won't do it right"

NEWS FLASH!

80% done by someone else is > 100% done by you

Negative Outcomes

1 Lower Conversions

Slower growth, higher customer acquisition costs

2 Lack Strategy, Innovation

Repetitive admin work, eat up valuable time

3 Competitive Disadvantage

Gets harder to catch up over time

How Do We Fix This?

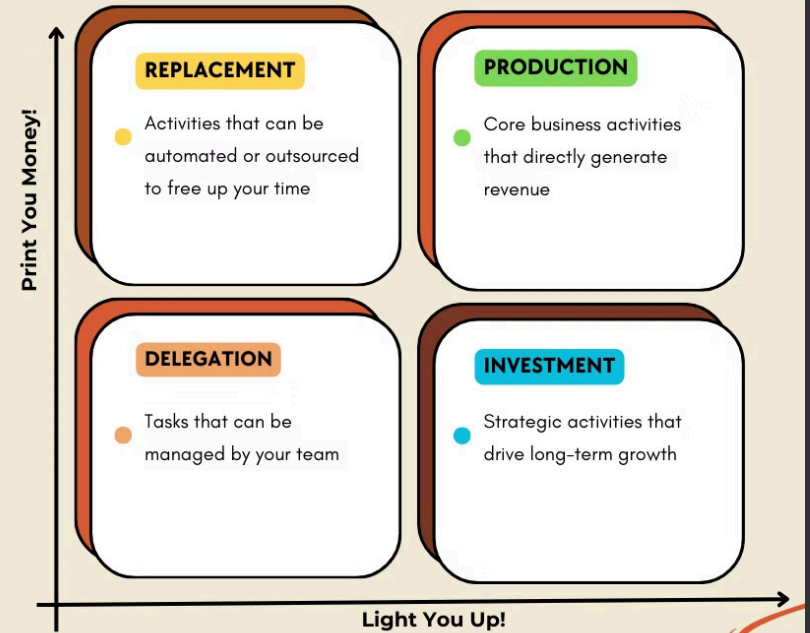

Leverage AI to automate the "boring" stuff

ROI-driven approach

Build systems that let you scale

WHAT THE HECK DO I AUTOMATE?

WWW.KODENYXAI.COM

Our Unique Approach

Start Small

Launch with quick wins and scale as you see results

ROI-Driven Strategy

Prioritizing profit and efficiency - don't automate random tasks

Seamless Integration

Easily fits into your existing workflow making adoption easier

Data driven Optimization

Leverage insights to maximize conversions and scale faster

Common Objections

AI Sounds Expensive

The cost of not automating is higher.

Complicated Setup

Everything from *strategy* to *implementation* can be handled by us.

Loss of Personal Touch

AI enhances personalization.

Where to Start

We audit workflows, and implement highest-ROI automations first.

Our Best Selling Solutions

Voice AI

★ *BEST SELLER*

*AI agent to handle
incoming/outgoing calls*

AI Chatbots

★ *BEST SELLER*

*Chatbots for lead qualification, nurture,
customer FAQs*

Cold Outreach

A completely automated system for
cold emailing

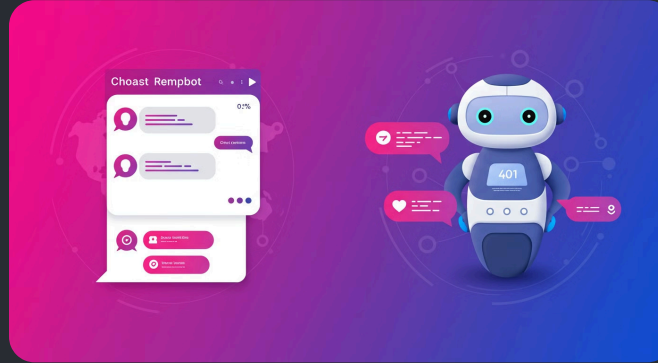

Use Cases

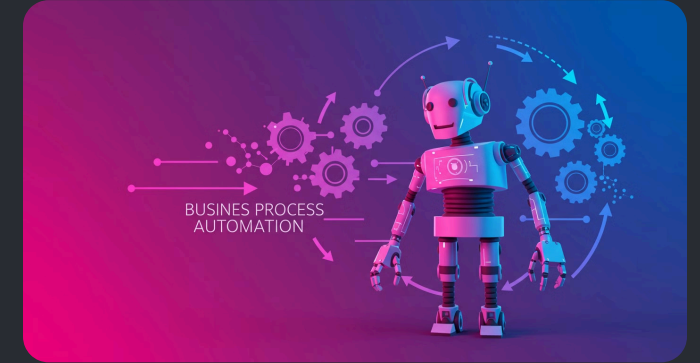

Voice AI

1. AI receptionist (inbound)
2. Dead list of leads (outbound)
3. Lead qualification (inbound)

Chatbots

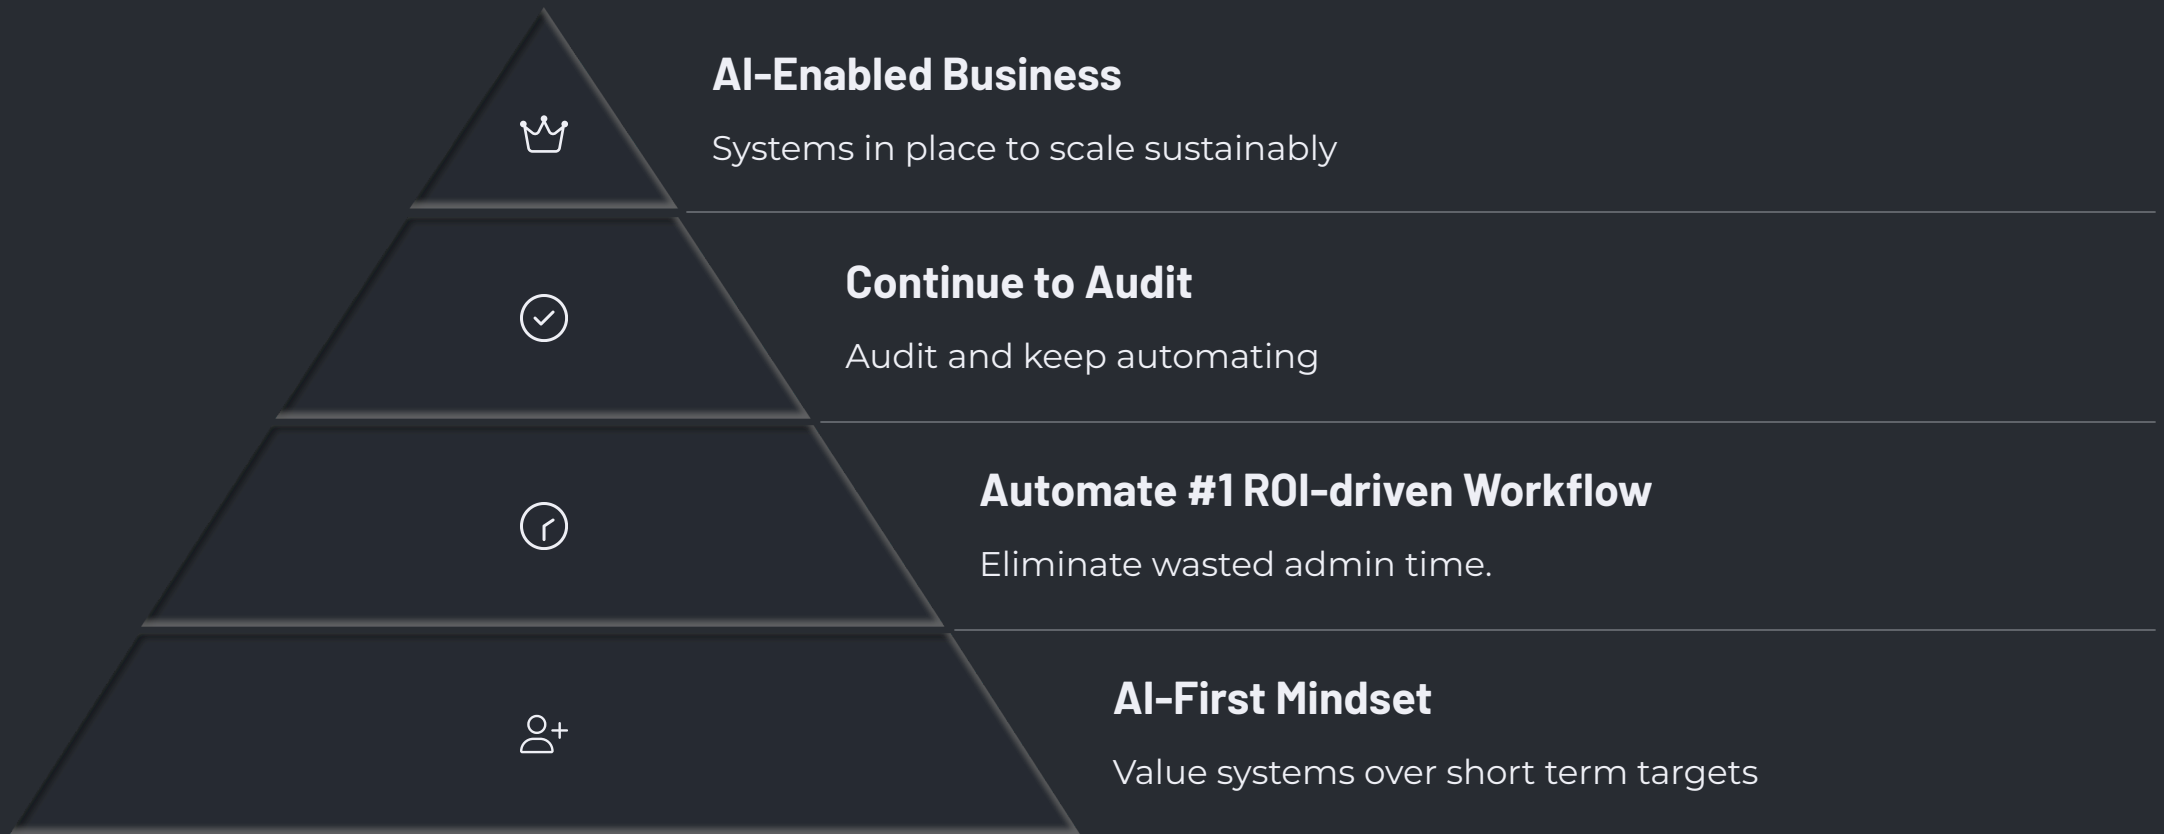

1. Lead nurturing on website
2. Customer inquiry, complaints
3. Customer order status

Custom Automations

1. CRMs + other workflows
2. Automated onboarding
3. Automated email marketing

Business Transformation

What Our Clients Say?

Enterprise

"Their expertise in solving complex business challenges, automating workflows, and delivering impactful data played a key role in advancing the RFP process and pilot expansion."

Solo

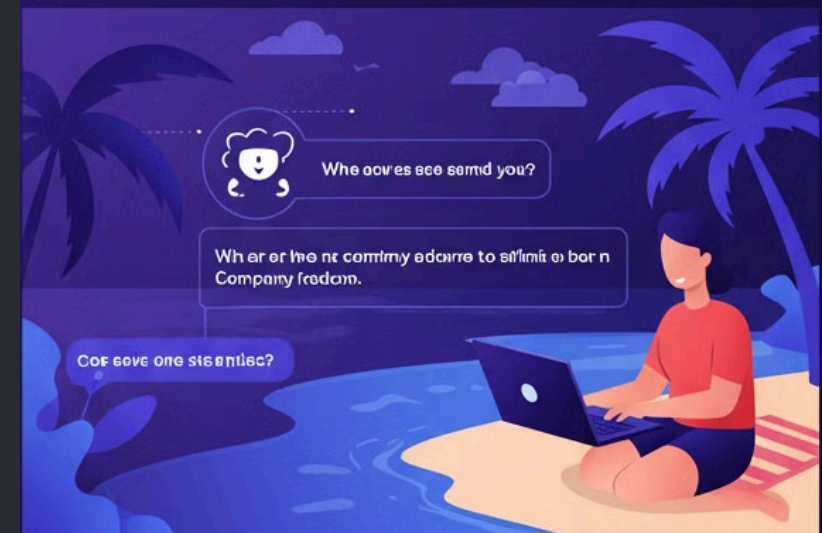

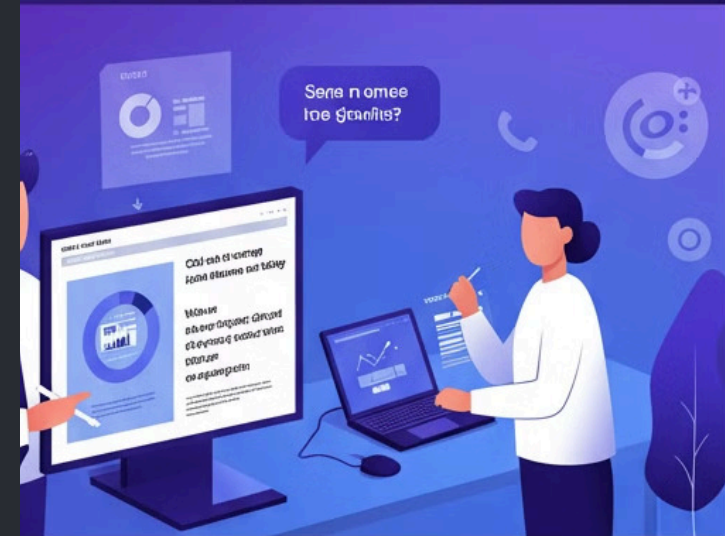

"Campaigns have led to new business partners, exponential growth potential, and recognition from well respected international organizations within my field."

SMB

"It has made my business infinitely more productive and efficient. I now have a highly effective funnel in place to help me scale my business, and this is my favorite part, work less while scaling."
